Line-level File format. For inpatient facility (hospital and non-hospital), each line is defined by revenue code. Outpatient lines and observation stays will have a procedure code associated with the revenue code. Inpatient lines will have a procedure code taken from the trailer and transposed, providing the principal procedure code (if any) on claim line number 1, with all remaining procedure codes in subsequent lines, and blanks for any lines for which a procedure code is available, then all procedure codes must be transposed from the claim form and attached one-by-one to each line, with blanks for any lines to which a procedure code cannot be attached. Appendix E in the data submission manual provides a detailed example.

All diagnosis codes should be repeated on all lines of a claim, regardless of the type of facility.
